### BASEBALL

Meredith Defeat

Memorial Day, a pirate Dew called "the game with Laconia." The number was large, and the interest manifested in the second innings passed, and in the third time, but Moultonning with a beautiful game. The game was filled with tions, for some of our to think that the game directly played unless taken, and kicks made of the umpire. The score was L.H.S. 4, but in the seventh we "the run" and crossed times; then, despite Laconia in the ninth, in making the game was ours. Meredith 7, Laconia 7.

Bryer's two base hit in the fifth was worthy of mention. Laconia's substitution of Smith for Tetley in the seventh contributed to their defeat.

At Plymouth.

We reached Plymouth last Saturday in the midst of a heavy shower. At 2 o'clock the rain ceased and before the close of the game the sun was smiling, and so were others. We built the water off some portions of the grounds and then were ready for business.

In the first inning the result was Meredith 0, Holderness 2.

In the second Meredith got Townsend on the go and made six runs. Holderness came to bat and not a man left plate, for Moulton struck them out, one, two, three.

Meredith 0, Holderness 2.

Holderness made one run in the fifth, addition again making three strike outs. The fifth was the same. In the sixth Perkins made a hit and stole second. Cross got onto Goddard and knocked the ball almost back to Plymouth. Perkins scored and Cross, on a two-base hit, made a home run, the first one of the season, and a beauty. The crowd went wild. Moulton again gave Holderness strike outs, one, two, three. In the seventh Holderness scored.

Meredith 0, Holderness 4.

In the eighth Perkins made a two-base hit. Cross did the same. G. Farrell made a single. Bases full. Wallace got a base on balls and Perkins scored on a walk. E. Farrell struck out. Moulton made a hit and G. Farrell scored. Bryer made a hit, but Wallace was caught at the plate and Niles on third by a good double play of Holderness.

Hughes scored for Holderness.

Meredith 11, Holderness 5.

Time was called in the eighth inning in order that the train might be taken.

The News is in an unusual predicament this week. Nearly all of our newspaper type is in use on pamphlet work, and a delay in the return of the proofs obliges us to go to press with less than the usual amount of local news.

Dr. and Mrs. J. A. Greene passed through Meredith last Friday, on their return from Gorham, where our next Congressman delivered the Memorial Day address. The doctor is always a welcome visitor in Meredith, and his friends here hope to send delegates pledged to stand by him, first, last and all the time.
